

Good afternoon to the Honorable Taxicab Authority Board Members, Administrator, the Chief and Staff.

The ITPEU Local 4873, affiliate OPEIU, represents, Yellow Checker Star Cab Corp. Drivers and Henderson's Taxicab Drivers.

On behalf of our members that we represent, we support the continuation of the previously approved three zone pilot program to December 31, 2020.

The zones have had a positive impact on the negativity of long - hauling and the drivers feel it is much more of a level playing field.

Drivers say there are less complaints, most drivers that we talk to, have received no complaints.

A driver said a customer told him he loves it, he felt empowered, he asked why? The customer said he had been ripped off so many times before, now he knows when he gets into a cab, exactly what his rate will be.

3. EXTENTION OF PREVIOUSLY APPROVED THREE ZONE PILOT PROGRAM TO DECEMBER 31, 2020.

We fully support Agenda Item three (3) for the continuation of the previously approved three zone pilot program to December 31, 2020.

Thank you for your time.

Respectively,

Theatla "Ruthie" Jones,

ITPEU Representative

Mike Kilgo, ITPEU Representative/Organizer
