The following information is provided pursuant to the requirements of NRS 233B.0603:

1. The need for and the purpose of the proposed regulation or amendment. The need for and the purpose of the proposed regulations are to establish requirements relating to the use of credit cards and debit cards as payment for taxicab service.

2 A description of the subjects and issues involved A description of the subjects and issues involved: The subject of this regulation is to establish the requirements necessary to notify taxicab passengers of any additional charge imposed for payment with a credit card or debit card and to establish requirements governing the use of equipment in taxicabs used to process credit or debit card payments, including minimum requirements to protect the personal information of a passenger paying with a credit card or debit card. The proposed regulation also establishes standards for taxicab drivers when a passenger makes a payment for taxicab service with a credit card or debit card. Any person may obtain a copy of the proposed regulation by submitting a request in writing to the Nevada Taxicab Authority, 1785 E. Sahara Ave., Ste. 200, Las Vegas, NV 89104.

3. A statement identifying the methods used by the agency in determining the impact on a small business prepared pursuant to subsection 3 of NRS 233B.0608. 4. The estimated economic effect of the regulation on the business which it is to regulate and on the public. These must be stated separately and in each case must include:

(a) Both adverse and beneficial effects; The adverse effects of the proposed regulation are that certificate holders within the jurisdiction of the Taxicab Authority that process credit card payments, or that may elect to do so in the future may incur expenses to obtain the necessary payment processing equipment to comply with the proposed regulation, and may incur some time when vehicles are out of service during which they are outfitted with the necessary payment processing equipment.

[b]Both immediate and long-term effects. The immediate and long-term effects are the same, namely that the public will be better served by a uniform credit card payment process that protects their information and leads to greater acceptance of credit and debit cards as means of payment for taxicab service.

5. The estimated cost to the agency for enforcement of the proposed regulation. There is no estimated additional cost for the Nevada Taxicab Authority to enforce the proposed regulations.

6. A description of and citation to any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary.
