COLOR INFORMATION:
 Soft Proof: Colors are how the design and printing process of your job, as your final result can be achieved in a Perfect "Smooth Print". We will print one to show you the design and color as it will appear in print. It is important to note however that in a print or due to the Printer or color management system, there may be a 10% difference in color or process. If an exact color match is required please request a printed sample on the actual material to be printed. Black is the CMYK process black is a design to print. People often think a color that is 100% difference between the type and the print.
