

# CONTINUATION OF AIRPORT ZONES

We, the **ITPEU** would like to take this opportunity to address to the **BOARD** of our continued support for Zone fares to and from McCarran Airport. Since the inception of Zone fares, we have seen strong support from our drivers as to the positive effects this policy has had on discouraging the few bad apple drivers we have that where long hauling previously, and to the positive feedback they have received from the traveling public. It is exceedingly rare to Institute a policy that satisfies all parties, in our opinion a Continuation of this Policy does in fact satisfy all Parties and we wholeheartedly and respectfully request the Board to consider extending the Zone Fares.

Mike Kilgo ITPEU representative.
