KAPTYN TECHNOLOGY, INC'S PETITION TO INTERVENE

7
8 COME NOW KAPTYN TECHNOLOGY, INC. ("Petitioner" or "Kaptyn") hereby petitions
9 the Nevada State Taxicab Authority ("Authority") to intervene in the above referenced matter.

10 This Petition is pursuant to NRS 706.881 et seq. and is supported by the following:

11 1. Petitioner is a corporation organized and existing under the laws of the State of Nevada
12 with its principal place of business located at 4675 Wynn Road, Las Vegas, Nevada 89103.

13 2. Written communications concerning this case should be addressed to:

14 KAPTYN TECHNOLOGY, INC.
15 Attention: Andrew Meyers, CEO
16 4675 Wynn Road
17 Las Vegas, Nevada 89103
18 andrew@kaptyn.com

19 3. Petitioner is a provider to common motor carriers holding Certificates of Public
20 Convenience and Necessity issued by this Authority of technology, systems, software, hardware,
21 methods, and tools that enable such common motor carriers to satisfy certain of this Authority's
22 requirements for Las Vegas, Nevada taxicabs to be equipped with certain technology and systems.

23 4. Petitioner is a leading provider of customized fleet manager software to for-hire vehicle
24 fleets, and taxicab fleets in particular. Among other functionalities, Kaptyn's SaaS provides universal
25 and automated dispatch, data and fleet management systems through its Fleet Smart Distribution
26 platform and Integrated Taxi Meter & Data Terminal. The software can be used to generate trip details,
27 provide and securely transmit accurate meter readings and meter state changes, track utilization and
28 forecast demand, increase fuel efficiency, schedule and verify periodic maintenance and provide
automated logistics. The software also generates a variety of important reports for fleet owners covering
information such as driver productivity, daily cash flow and regulatory reporting information.

1 5. Petitioner has licensed its software systems to Joint Applicants Desert Cab Co. and A-Cab
2 Co. as well as to the following other taxicab companies operating in Clark County: Yellow Cab,
3 Checker Cab Co., Star Cab, New Cab, Deluxe Cab Co., Henderson Taxi, Whittlesea Blue Cab Co.,
4 Lucky Cab Co., Nellis Cab Co. and Western Cab Co.

5 6. Petitioner has entered into a conditional license agreement with IVSC IP, LLC (“IVSC”),
6 the owner of five (5) issued patents and six (6) pending patent applications that IVSC contends are
7 implicated by Kaptyn’s software products and the use of those software products by taxicab fleets in
8 Clark County. That license agreement is conditioned on the approval of the pass-through software
9 license charge in the above-captioned processing.

10 7. Petitioner therefore has a direct and substantial interest in the subject matter of this
11 proceeding under NAC §706.894.

12 8. Petitioner supports the Amended Application of Desert Cab Co. to adjust taxicab charges
13 to include a pass-through software license charge of \$.50 per ride on the grounds that the Kaptyn
14 software delivers significant benefits to fleet owners in efficiency, time and cost savings (and avoiding
15 other rate increases based on fleet management expenses) to owners. The Kaptyn software also
16 provides significant benefits to taxicab riders in improved quality and time of rides and increased
17 safety of riders, at reasonable fares. The rate increase requested in the Amended Application is in the
18 public interest.

19 9. Petitioner’s attorney, Robert Yorio, Esq., Pro Hac Vice application is currently pending as
20 Attorney Yorio is awaiting his Certificate of Good Standing from the State Bar of California.

21 10. Petitioner therefore requests that it be permitted to intervene and join in this proceeding
22 and that it be served with copies of any and all pleadings, notices, papers and exhibits that have been
23 or may be filed in this matter.
