Governor's signature

Classification: ☐ PROPOSED

☒ ADOPTED BY AGENCY

☐ EMERGENCY

Brief description of action

These regulations are necessary to update outdated and vague language, such as the use of digital information and electronic trip sheets rather than paper and time clocks. These regulations are meant to streamline and modernize regulation of the industry such as allowing the Nevada Taxicab Authority to create a manual that sets forth its uniform system of accounts for the certificated carriers as is becoming customary with agencies, rather than maintaining through the NAC's, and to update practice rules before the Nevada Taxicab Authority.
